

Dagmar Fortmuller

Originally from Germany but I have lived in Canadian for 20 yrs now. I achieved my EC Level 3 Dressage Coach and have trained many horses to FEI level. I have coached horse and rider to higher level and will continue to do so, at Aspen Creek Training Center, for many more years to come.

I have 5 beautiful children between 25 and 5 years which enrich my life tremendously.

With passion I promote the Dressage Training Scale: RYTHM, BALANCE, CONTACT AND IMPULSION, STRAIGHTNESS, COLLECTION which is too easy forgotten while training horses and showing successfully regardless of respecting the scale or not!

My horses are all kept on straw and pastures as all horses should be kept, regardless of their value or training - after all there are all horses with a herd instinct and made to graze and move around 24/7!

Not to forget, I love to watch my few foals a year, mainly Hanoverian breeding, grow up and therefore have always some well trained and healthy amateur horses for sale.

All the competitors best of success and fun this weekend, Dagmar Fortmuller.
